EXPERIENCE

Clinical Experience - SPT

- Baptist Hospital - Outpatient Orthopedics
 - Evaluated and treated orthopedics patients of all ages, with conditions including post-op joint replacements, non-specific back pain, adhesive capsulitis, ACL repair, OA, etc. Evaluated patients according to evidence-based practice, providing and modifying treatment plans to best suit individual patients
- Coral Gables Hospital - Acute
 - Evaluated and treated acute care patients in all hospital departments including ICU, telemetry, outpatient, and post-op. Performed chart review and communicated with nursing and physician staff to ensure patient safety and optimal outcomes. Documented patients in a timely manner and in compliance with hospital EMR policy.
- Cora West Dade - Outpatient Orthopedics
 - Placed here due to Covid-19 outbreak and inpatient facility cancellations.
 - Further practiced evaluation and treatment of patients with various orthopedic conditions, including an occasional neurological case. Gained the ability to perform duties of an entry-level PT in a fast-paced clinical atmosphere.

Personal Trainer – FIU 2018 - 2020

- Created exercise program to meet various client needs, encourage and motivate clients, form close relationships with clients serving as a form of life coach as well

Brow Arc – *Director of Marketing* 2011 - 2018

- I helped run a nationwide chain of salons. Over the course of my time there, I was in charge of training all employees on the Point of Sale system, opening many new locations, legal issues, insurance issues, and customer service.
- The main part of my job consisted of our online presence including our website, social media, and all digital and graphic advertising.
